Air Water Generator

- Atmospheric water, no need for water supply
- Multi-functional, purify and dehumidify
- Multi-layer filtration system:
 - Carbon, reverse osmosis, mineral and ion
- Automatic water circulation, fresh water provider
- Timed sterilization, water quality protected
- Intelligence and humanization
- Plug and use, simple and convenient

AIR WATER GENERATOR

Model	P50CM
Photos	
Capacity (Liters)/Day	50 L
Water Type	Cold Water
Water-making Control	Computer LED Touch screen
Filter system	Reverse Osmosis system
Rated voltage	220V-240V
Rated frequency	50Hz
Water-making current	5.5A
Refrigerant Gas	R410a
Refrigerant volume	420g
Operating Temperature	15°C~43°C
Humidity	> 25%
Water tank volume	19L
Water-making power	1100W
Total power	1200W
Water-proof rate	IPX0
Net weight	49Kg
Dimension(W*L*H)	400mmx473mmx920mm
Usage	Home Use Light Commercial Use

- Simple & highly effective
- 400 Gallon no waste RO filter
- NFC code scanning
- Micro channel heat transfer

* Brand may differ on machine
